

Hardware & Software Requirements

(These requirements are also applicable with Amicus Premium Billing.)

	Amicus Application Server	Workstation with Offline Components	Workstation
Processor	RECOMMENDED: 2 GHz or higher MINIMUM: 1.5 GHz with 512K cache	MINIMUM: 1.5 GHz with 512K cache <i>(higher if running Windows Server 2008)</i>	MINIMUM: 1 GHz
RAM	RECOMMENDED: depends on firm size MINIMUM: 2 GB	RECOMMENDED: 2 GB MINIMUM: 1 GB	RECOMMENDED: 1 GB or higher MINIMUM: 512 MB
Hard Disk Drive	MINIMUM: 6 GB free space <i>(actual space required depends on database size)</i> Fast drive (7200 RPM minimum) C: drive for converting from Small Firm Edition	MINIMUM: 6 GB free space <i>(actual space required depends on database size)</i>	MINIMUM: 1GB free space
Display	1024x768 or higher at 32-bit color	1024x768 or higher at 32-bit color	1024x768 or higher at 32-bit color
Power	UPS (Uninterruptible Power Supply)		
Operating System ¹	Windows Server 2008 R2 / 2008 / 2003 R2 / 2003 SBS 2011 / 2008 R2 / 2008 / 2003 R2 / 2003 Windows 7 / Vista Windows XP Professional <i>(supports up to 5 Amicus users only)</i>	Windows Server 2008 R2 / 2008 / 2003 R2 / 2003 SBS 2011 / 2008 R2 / 2008 / 2003 R2 / 2003 Windows 7 / Vista / XP	Windows Server 2008 R2 / 2008 / 2003 R2 / 2003 SBS 2011 / 2008 R2 / 2008 / 2003 R2 / 2003 Windows 7 / Vista / XP
Other ²	Requires DVD drive for installation SQL Server 2008 / 2008 R2 (Standard / Enterprise) .NET Framework 3.5 (automatically installed) Internet Explorer 6.x or higher RECOMMENDED: NTFS file system (rather than FAT32), for general security and full functionality of Amicus.	SQL Server 2008 Express Edition and .NET Framework 3.5 (both automatically installed) Windows Installer 4.5 Internet Explorer 6.x or higher	.NET Framework 3.5 (automatically installed) Internet Explorer 6.x or higher
Network	<i>To support workstations over a Local Network:</i> RECOMMENDED: 100Base-T, MIN: 10Base-T For wireless access, we recommend 802.11g or faster. Wireless networks must be of high quality and reliability. TCP/IP Network Protocol and Client for Microsoft Networks. If using subnetworks, install the Server(s) and all workstations in the same subnet.	Network connection to Amicus Server when Online	Network connection to Amicus Server

¹ Both 32-bit and 64-bit editions of Windows are supported.

Home Editions of Windows are supported ONLY for an Amicus Workstation without Offline Components.

The listed Operating Systems are also supported in properly configured virtualization environments (such as Microsoft Hyper-V).

Offline Components cannot be installed on the computer used as the Amicus Application Server.

² Both 32-bit and 64-bit editions of SQL Server are supported.

An embedded SQL Server 2008 R2 Standard Edition Runtime is included for use with Amicus Application Server.

- **Running on a Stand-Alone Computer**—It is possible to run Amicus (with or without Amicus Premium Billing) in a single user environment. Requirements are the same as a Workstation with Offline except that SQL Server 2008 or SQL Server 2008 R2 (Standard or Enterprise Edition) is required.
- **Split Install**—The Amicus database may reside on a different computer from the Amicus Application Server—this is called a *split install*. These servers must reside in the same subnet and domain.
- **Other Applications**—The requirements in this document are for running Amicus Attorney. If running additional applications at the same time, ensure that the computer has sufficient resources for those other applications as well as the host operating system.
- **Firewalls**—Ensure that Amicus (and SQL Server or SQL Server Express, as applicable) are not blocked at the Application Server and Offline Workstations.
- **System Check**—When installing Amicus Server or Workstation Offline components, the Installer will perform a System Check to ensure that your machine meets requirements.
- **Terminal Server Network**—Amicus can be used in a terminal server environment. The terminal server needs a very fast processor. Required for *each terminal user*: a minimum of 256 MB RAM (512 MB recommended).
- **Novell Network**—A Novell Netware File Server can be used for storing shared documents, backups, etc. but the Amicus applications must be installed under Windows.
- **Offline**—Offline Components cannot be installed on your Amicus Application Server.
- **Service Packs**—The latest Service Packs for Windows, SQL Server, and Internet Explorer are required. In general, we recommend that you install the latest service packs available for supported versions of the third-party products.

Product Integrations and Third-Party Links

	Amicus Attorney Application Server	Workstation in Online mode
Amicus Premium Billing	Amicus Premium Billing with sufficient licenses. (Available accounting configuration: Manual and QuickBooks.)	(None)
Amicus Small Firm Accounting Integration	Amicus Small Firm Accounting 2011** (available from Gavel & Gown Software Inc.) – may reside on a separate file server	Amicus Small Firm Accounting 2011** Workstation components
Amicus Mobile Integration	Amicus Mobile add-on licensed by the firm, and Amicus Mobile Server installed on Amicus Application Server or other Web server computer. For further details, see the <i>Amicus Mobile Requirements</i> document.	For Microsoft Mobile device support: Microsoft ActiveSync 4.5 or higher (for Windows XP), or Windows Mobile Device Center (for Windows 7 / Vista / Server 2008). OTHER REQUIREMENTS: Handheld device running Microsoft Windows Phone 6.5, 6.0, or 5.0. (Windows Phone 7 and higher is not supported.) Or a compatible BlackBerry device. For details, see the <i>Amicus Mobile Requirements</i> document.
Mobile Device Contacts & Calendar Synchronization	(None)	Outlook Contacts & Calendar Link as conduit for integration with handhelds (including iPhone, BlackBerry, Windows Mobile devices, Palm, etc.). OTHER REQUIREMENTS: Handheld device that synchronizes with Microsoft Outlook.
Outlook E-mail Integration	(None)	Microsoft Outlook 2010**, 2007**, 2003, or 2002 (XP) (with or without an Exchange Server), is required. POP3 is supported. An Internet e-mail account may be used if other requirements are met.
Outlook Contacts & Calendar Link	(None)	Microsoft Outlook 2010**, 2007**, 2003, or 2002 (XP) (with or without an Exchange Server), is required. POP3 is supported.
Microsoft Office Integration	(None)	Microsoft® Office 2010**, 2007**, 2003, or 2002 (XP)
Corel WordPerfect Integration	(None)	Corel® WordPerfect® X5**, X4**, X3*, 12, 11, or 10
Adobe Acrobat and Reader Integration	(None)	Adobe® Acrobat® X** or 9** (9.2.0 or higher), or Adobe Reader® X** or 9** (9.2.0 or higher)
Document Assembly	(None)	At least one of the following word processors (installed with macro support) is required: - Microsoft Word 2010**, 2007**, 2003, or 2002 (XP) - Corel WordPerfect X5**, X4**, X3*, 12, 11, or 10 Document Assembly with HotDocs requires HotDocs 10**, 2009**, 2008*, 2007*, or 2006.
SQL Reporting integration	SQL Reporting Services installed on Amicus Database Server. (This is an optional feature included in SQL Server.)	If using SQL Server 2008, SQL Reporting Services Report Builder 2.0 is required. If using SQL Server 2008 R2, SQL Reporting Services Report Builder 3.0 or 2.0 is required. For purposes of Authoring, SQL Report Builder is required. Compatible version depends on your SQL Server: a) For SQL Server 2008 use Report Builder 2.0; b) For SQL Server 2008 R2 use Report Builder 2.0 or 3.0.
PCLaw Link	PCLaw™ 11** , 10** , or 9.x* (minimum 9.10c)	(None)
QuickBooks Link	QuickBooks Pro, Premier, and Enterprise (Windows) versions currently supported by Intuit, up to and including Version 2011**. (U.S. versions only)	(None)
Timeslips Link	Timeslips® Version 2012**, 2011**, 2010**, or 2009*	(None)
CompuLaw Link	CompuLaw® Date Calculation Software (V10)** and CompuLaw Court Rule Sets	(None) (For Offline Workstation requirements, see the <i>CompuLaw Link Guide</i> .)
Worldox Link	Worldox® GX2** or GX (OR-1 or later)	Worldox GX2** or GX Client

* Tested under Windows Vista

** Tested under Windows 7

NOTES:

- 1: Technical Support for links with third-party products may be limited based on version support offered for such integrations by the individual third-party vendor.
- 2: Integration with 64-bit third-party applications (including Microsoft Office 2010 64-bit edition) is not supported.
- 3: Integration with Click-to-Run delivered versions of Microsoft Office 2010 is not supported.

The requirements specified in this document are applicable to the current version of Amicus Attorney Premium Edition 2011 (with or without Amicus Premium Billing).
