# Hardware & Software Requirements

These requirements are applicable to Amicus Attorney Premium Edition 2014 SP1 with or without Amicus Premium Billing.

| Processor | RECOMMENDED: 2 GHz or higher  
MINIMUM: 1.5 GHz with 512K cache | MINIMUM: 1.5 GHz with 512K cache  
(higher if running Windows Server 2008) | MINIMUM: 1 GHz |
|---|---|---|---|
| RAM | RECOMMENDED: depends on firm size  
MINIMUM: 2 GB | RECOMMENDED: 2 GB  
MINIMUM: 1 GB | RECOMMENDED: 1 GB or higher  
MINIMUM: 512 MB |
| Hard Disk Drive | MINIMUM: 6 GB free space  
(actual space required depends on database size)  
Fast drive (7200 RPM minimum)  
C: drive for converting from Small Firm Edition | MINIMUM: 6 GB free space  
(actual space required depends on database size) | MINIMUM: 1GB free space |
| Display | 1024x768 or higher at 32-bit color | 1024x768 or higher at 32-bit color | 1024x768 or higher at 32-bit color |
| Power | UPS (Uninterruptible Power Supply) |  |  |
Windows 8.1 / 8 / 7 / Vista |
| Other* | SQL Server 2012* / 2008 R2 / 2008 (Standard / Enterprise)  
.NET Framework 3.5 (automatically installed)  
Internet Explorer 6.x or higher  
Requires DVD drive for installation  
RECOMMENDED: NTFS file system (rather than FAT32), for general security and full functionality of Amicus.  
To support workstations over a Local Network:  
RECOMMENDED: 100Base-T, MIN: 10Base-T  
For wireless access, we recommend 802.11g or faster, Wireless networks must be of high quality and reliability.  
TCP/IP Network Protocol and Client for Microsoft Networks, If using subnetworks, install the Server(s) and all workstations in the same subnet. | SQL Server Express and  
.NET Framework 3.5 (both automatically installed)  
Windows Installer 4.5  
Internet Explorer 6.x or higher  
Network connection to Amicus Server when Online | .NET Framework 3.5 (automatically installed)  
Internet Explorer 6.x or higher  
Network connection to Amicus Server |
| NOTES | Running on a Stand-Alone Computer—It is possible to run Amicus (with or without Amicus Premium Billing) in a single user environment. Requirements are the same as a Workstation with Offline except that SQL Server 2008, 2008 R2, or 2012 (Standard or Enterprise Edition) is required.  
Split Install—The Amicus database may reside on a different computer from the Amicus Application Server—this is called a split install. These servers must reside in the same subnet and domain.  
Other Applications—The requirements in this document are for running Amicus Attorney. If running additional applications on the same computer, ensure that the computer meets requirements and has sufficient resources for those other applications as well as the host operating system.  
Firewalls—Ensure that Amicus (and SQL Server or SQL Server Express, as applicable) are not blocked at the Application Server and Offline Workstations.  
System Check—When installing Amicus Server or Workstation Offline components, the Installer will perform a System Check to ensure that your machine meets requirements.  
Terminal Server Network—Amicus can be used in a terminal server environment.  
The terminal server needs a very fast processor. Required for each terminal user: a minimum of 256 MB RAM (512 MB recommended).  
Novell Network—A Novell Netware File Server can be used for storing shared documents, backups, etc. but the Amicus applications must be installed under Windows.  
Offline—Offline Components cannot be installed on your Amicus Application Server.  
Service Packs—The latest Service Packs for Windows, SQL Server, and Internet Explorer are required. In general, we recommend that you install the latest service packs available for supported versions of the third-party products. |  |  |

* Both 32-bit and 64-bit editions of Windows and SQL Server are supported. Home Editions of Windows are supported ONLY for an Amicus Workstation without Offline Components.  
Your Version and/or Edition of SQL Server might not be supported under all Operating Systems listed above. Check Microsoft’s Requirements for details.  
The listed Operating Systems are also supported in properly configured virtualization environments (such as Microsoft Hyper-V).  
Offline Components cannot be installed on the computer used as the Amicus Application Server.  
An embedded SQL Server Standard Edition Restricted Runtime is available for use with Amicus Application Server.
# Product Integrations and Third-Party Links – Amicus Premium 2014 SP1

<table>
<thead>
<tr>

| Outlook Contacts & Calendar  | Microsoft Outlook 2013, 2010, 2007 1, 2, 3 is required. POP3 is supported.               |
| Exchange Contacts & Calendar | Microsoft Exchange Server (minimum 2007 SP3) on firm or hosted server (including Office 365) |
| Microsoft Office Integration | Microsoft Office 2013, 2010, 2007 1, 2, 3                                                |
| Corel WordPerfect            | Corel® WordPerfect® X6, X5, X4  
                                        Acrobat® or Adobe Reader® XI, X, or 9 (9.2.0 or higher)         |
| Adobe Acrobat/Reader         | Adobe® Acrobat® or Adobe Reader® XI, X, or 9 (9.2.0 or higher)                              |
| Document Assembly            | At least one of the following word processors (installed with macro support) is required:  
                                        - Microsoft Word 2013, 2010, 2007 1, 2, 3         3 |
| PCLaw                        | PCLaw™ 14, 13, 12, 11  
                                        (Note: PCLaw 15.0/15.1 are not compatible.)                                    |
| QuickBooks                   | QuickBooks Pro, Premier, and Enterprise versions currently supported by Intuit, up to and including Version 2015. 3, 4 |
                                        (For Offline Workstations, see the CompuLaw Link Guide.)                      |
| CompuLaw                     | CompuLaw® Date Calculation Software (V10) and CompuLaw Court Rule Sets  
                                        SQL Server Express or a full-use SQL Server                                      |
| Worldox                      | Worldox® GX3, GX2, or GX (OR-1 or later)  
                                        Worldox GX3, GX2, GX Client                                                   |
| Dropbox                      | Internet access to firm Dropbox account. For adding/editing Dropbox documents, Firm Members require Dropbox account with share rights to applicable firm Dropbox folders |

1 Integration with 64-bit third-party applications (including Microsoft Office 64-bit editions) is not supported.  
2 Integration with older versions that are no longer supported by their applicable third-party vendor (e.g. Word 2003, WordPerfect 10) will likely continue to work with Amicus but have not been tested with Amicus 2014.  
3 Technical Support for links with unsupported third-party products is limited.  
4 Integration with Click-to-Run or Office On Demand delivered versions of Microsoft Office is not supported.  
5 QuickBooks with Amicus Attorney supports US & Canadian Windows versions.  
6 QuickBooks with Premium Billing supports US Windows versions only.
